

## **Mr. Chairman, Members of the Committee**

**My name is George Hudson, H-U-D-S-O-N, I live in Kalispell, and I'm a frequent visitor to Helena.**

**I'm here to speak in support of HB425, the Personhood amendment. As this bill winds its way through the Senate it's important that we reflect on the proper role of government. Maybe it's high time to be telling our Senators and Representatives how they should be representing us.**

**The safest place in the world used to be in the mother's womb but now because of Roe VS Wade even the mother's womb is no longer safe. We are a dying race! We should put ourselves on the endangered species list. Vital statistics tell us that just to sustain the race we need 2.8 childbirths per family. We are currently at about 1.6. We need to propagate the American Race, not kill it! 55 Million Babies have been aborted since Roe VS Wade. How much difference would 55 Million live births make to the statistics above? If the mother doesn't want the child then let's find a home for it with a barren woman who does want the child.**

The first part of the report is a summary of the work done during the last year.

The second part is a detailed account of the work done during the last year.

The third part is a summary of the work done during the last year.

The fourth part is a summary of the work done during the last year.

The fifth part is a summary of the work done during the last year.

The sixth part is a summary of the work done during the last year.

The seventh part is a summary of the work done during the last year.

The eighth part is a summary of the work done during the last year.

The ninth part is a summary of the work done during the last year.

The tenth part is a summary of the work done during the last year.

The eleventh part is a summary of the work done during the last year.

The twelfth part is a summary of the work done during the last year.

The thirteenth part is a summary of the work done during the last year.

The fourteenth part is a summary of the work done during the last year.

The fifteenth part is a summary of the work done during the last year.

The sixteenth part is a summary of the work done during the last year.

The seventeenth part is a summary of the work done during the last year.

**ONE THING IS CERTAIN; Life begins... and everyone has a right to life from the very second it begins!!! You cannot say life begins at birth because the egg was in the incubator long before the birth of the child. It was alive!!! If it wasn't alive then there would be no birth, plain and simple as that! So Life begins!!! Please protect the life of the helpless, yet unborn babies who are unable to defend their own life! They need your help dear committee! That's why governments were instituted among men, according to The Declaration Of Independence, to protect life, liberty, and property. That's your job Senators, Representatives, and dare I even say... governor! Without *LIFE*, nothing else really matters! Please support HB 425 and protect life. That's your job!! Thank you!!**
